WE LOVE...

...the stylish, curvy shapes and zingy colours of these fabulous new eye-catching bottles and cups.

Momma is the new range of feeding essentials from Tommy – and we predict it's going to be a big hit with mums and babies alike!

The range is BPA-free* and dishwasher-safe, with anti-colic silicone teats. Each design also has a spill-proof lid and clever 'rocker' device, which ensures the bottle or cup stays upright. Prices start at £3.99 for a fork, spoon or bib, while the Cup with Straw and Non-spill Cup (shown) both cost £6.99 each. See tommy.co.uk.

MAKING WAVES

Silver Cross – famed for its prams – has launched into the buggy market. The 'Surf' has a parent-facing seat unit that lies flat and is suitable from birth, while air-sprung suspension gives a smooth ride. At £425 it's pricey, but this includes a hood, rain cover, parasol, insect net, apron, seat liner and cosy baby nest. Extras, such as a compatible car seat and carrycot, are available. Visit silvercross.co.uk.
